

Principal's message

This edition is released between Vishu and Easter. I wish you a slightly belated 'Happy Vishu', and a 'Happy Easter' to all who will be celebrating the festival at the weekend. Both mark new beginnings and encourage us to look forward. The end of the academic year might seem an odd time to be looking forward (except to a much-anticipated holiday), but the Investiture of the 2025/26 Student Council represented the forward-looking nature of much of what we do at school, particularly at this time of year.

Not that we do not reflect and review on the year that is drawing to an end. The themes of milestones reached and farewells have been evident. You will read in this edition of end-of-year events, including the Grade 5 Graduation and the Farewell Assembly for our Grade 12 batch. This week has demonstrated – manifested – many of the qualities that make TRINS such a special place – to me and my colleagues, to so many of our students and, I hope, to parents too. In particular, the trust that has been built between students and their teachers which empowers our students to (to quote the words of the school anthem) have the strength to mould a new world.

PYP GRADUATION DAY

The **PYP Graduation Ceremony** was a heartwarming and successful celebration, marking a significant milestone in the lives of our young learners. The event was filled with nostalgic moments that beautifully reflected the students' journey through the Primary Years Programme. From their earliest steps into the classroom to their final projects, the ceremony brought back cherished memories and highlighted the growth, and development that happened along the way. There was a strong sense of achievement and pride among the graduates, who stood tall and confident, ready to embrace the next chapter of their academic journey. Their speeches, performances, and reflections showcased not only their academic accomplishments but also the personal growth they experienced throughout the PYP years.

Parents expressed heartfelt appreciation for the dedication and effort put in by the teachers and school in delivering a well-balanced curriculum. Their gratitude spoke volumes about the positive impact of a nurturing and inquiry-driven environment.

The celebration concluded with the traditional and symbolic tossing of graduation caps, an emotional moment that brought smiles, cheers, and even a few tears of joy. It was a fitting end to a ceremony that will be remembered for years to come.

The hard work and dedication of the **Grade 5 teachers, Music and Art department** to achieve this feat was exceptional. **Ms. Shalini** and **Ms. Sneha** have to be appreciated for their ability to pull the event together.
